BIG BUSINESS MUST BE REGULATED

(From Roosevelt's Chicago Speech) ould not do anything of permanent

I want to do full justice to the wife's went to Hamlet today to attend the lain's Tablets are a rational and Leroy Balsley lot 2 Spencers add big business man, but I also want to precisely justified what I then said. do full justice to the small business Plymouth Imp Co wd to Thomas man, and the middle sized business and punish wrongdoing-to give Ezra E Hawkins lot 15 Hawkins every man just what he can and what he cannot legally do. But need for especial precautions which are unnecessary as regards

small business man. The people of and honestly managed. But they prosperity, and it can only be perissue and the sale of stocks onds so as to prevent all such evils as overcapitalization and the flagrant abuse of power by exploiting the business interests of the people for the personal gain of the few. Remember that "water" in stocks means unjust taxation of innocent people in order to get dividends. I call this unjust taxation; it could be called by a much harsher name did not wish to speak moderately; for this unjust taxation, this extortion. is practiced at the expense alike of

innocent stockholders and of the great outside public of consumers. It is hard to over-estimate the widely ramifying damage of this, as of all other kind of business corruption.

We Cannot Turn the Clock Back. It is useless to try to go back to Wall Street Has a Change of Heart.

noticeable is that speculators who Frances E Emerson et al wd to used to receive from their brokers Martha E Souder part of lot 56 orig a single bit of paper representing ownership of Oil stock now receive Everett F Clifton wd to Amos an envelope containing twenty or nominally different certificates of nominally different companies. In Now is the time to get rid of my messages to Congress and in my outlintd and have since outlined.

value. The result has exactly and And mind you, at that extreme reactionaries and the selfstyled extreme radicals joined hands to prevent the getting of the legislation that I asked.

Sherman Law Not Sufficient.

The Senate Committee unanimously voted against making changes in the anti-trust law. The nominal radicals of the kind that the are at this moment most frantic in their denunciation of the trusts mere size of a business enterprise taken by the reactionaries; for the provided it is honestly organized frantic extremeists wished to pose as the irreconcilable enemy of all feel that such size carries with it a trusts, and the reactionaries and potentiality of wrongdoing that standpatters knew that my proposal makes it necessary that the nation did really propose an effective deand if necessary the states shall vice to regulate bi, business and exercise over big business a control did really contain a menace to and supervision, which are unneces- every law-breaking trust and did sary as regards small business. It really hold out hope for the people, whereas the violent extremists we shall get permanent business frightened the trusts hardly at all. but do frighten honest business manent if it is on a safe basis, and men. The anti-trust law causes a it can only be on a safe basis if great many honest business men at there is effective governmental con- present grave concern, and it estrol of big business including the pecially causes concern to honest retail men and men of small means who try to join together to protect themselves against big trusts. But it does not frighten the big trusts. They see what has happened to the Tobacco Trust and the Standard Oil Trust. They know that these trusts have been given immunity baths, and are stronger than they

ever were before. The anti-trust law should not only be kept on the statute books, but should be strengthened and made more effective against trusts guilty of anti-social practices. But the real good, the greatest good, will have come through totally different legislation modeled in part upon that which has worked so well in connection with our national banks and as with inter-

state commerce.
